

1. Go to checkfree.com. What sorts of EBPP services does CheckFree provide? Would you use the service? Why or why not?
2. Select one of the following companies: BitPass, Pay-stone, PayLoadz, or Peppercoin. Explain in detail how its e-micropayment system works. What are the key benefits and limitations of the system?
3. Select a major B2C merchant and detail the e-payment options offered. Based on CyberSource's "The Insider's Guide to e-Commerce Payment," what other types of e-payment systems could it offer?
4. Enter tradecard.com. Run the procure-to-pay demo. Summarize the processes and benefits of the service to a small exporter.
5. Go to verisign.com. Identify the services it provides for B2C e-payments. Describe the features of VeriSign's major products that provide these merchant services.
6. Go to cybersource.com. Identify the services it provides for B2B e-payments. Describe the features of CyberSource's major products that provide these merchant services.

Note

Select 4 questions from the above list and answer them.
